GROUP INSURANCE BENEFITS

INSURANCE INFORMATION AT RETIREMENT

To qualify for the State of Illinois Group Insurance Program, a member must be receiving a monthly check from the State Employees' Retirement System (SERS).

Eligible members must be vested in SERS (Tier 1 employee: 8 Years; Tier 2 employee: 10 years) for eligibility into the Group Insurance Program.

Members must also complete and submit the required Insurance Participation Election Form, found in the pension packet.

Insurance coverage becomes effective on the date of commencement of the monthly benefit, the first of the month that the application for retirement was received, or the first day of the month that the group insurance enrollment form was received, whichever is later.

The member health insurance premium is state-paid for members with 20 or more years of service. For members with less than 20 years of service, the state will pay 5% of the state cost for health insurance for each full year of service. The member will pay the balance.

Premiums for dependent health coverage, as well as member and dependent dental coverage are available in the most current Benefit Choice Booklet which is available on our website at www.srs.illinois.gov

MEDICARE IN RETIREMENT

Medicare is a federal health insurance program for individuals 65 and older, individuals under age 65 with certain disabilities and individuals of any age with End Stage Renal Disease.

The State of Illinois Group Insurance Program **requires** retired or disabled plan participants who become eligible for premium-free Medicare Part A (hospitalization) **to enroll in Medicare Part B** (outpatient services including physician office visits, labs, x-rays and some medical supplies).

If you are not sure if you qualify for premium-free Medicare Part A, contact your local Social Security Office. If a retiring or disabled plan participant fails to purchase Part B of Medicare once they become eligible for premium-free Part A, the State will reduce its benefits by what Medicare would have paid. This reduction will result in additional out-of-pocket expenses to the member.

If a member and/or the member's dependent(s) are not eligible for premium-free Part A of Medicare, the State will pay your health insurance claims at the normal benefit level with no reduction. The SERS Insurance Section requires a letter from the Social Security Administration verifying ineligibility for premium-free Medicare Part A.

State health insurance premiums are lower for Medicare-prime (enrolled in both Part A and Part B of Medicare) dependents.

If you and/or your dependents receive or have Medicare cards from the Social Security Administration, please send a copy of

the card(s) to the SERS Insurance Section to ensure your insurance is coded to avoid claim and/or premium errors.

Deductibles for retirees and other insurance information can be found at the SERS website (www.srs.illinois.gov); simply click on the Insurance Information Link.

GROUP LIFE INSURANCE AT THE TIME OF RETIREMENT

If you are age 60 or older at retirement, the basic life insurance amount reduces to \$5,000. When the basic life amount is reduced to \$5,000 and you had elected "optional" life coverage, the optional life coverage will also reduce to increments of \$5,000, up to a maximum of four times the Basic amount.
