Who is your State Health Insurance Carrier? _____

What is your Monthly Gross Annuity Amount? _____

Monthly Health Insurance Premium _____

Disclaimer

This calculator is intended as an educational tool only. Retirees and Survivors can use this to help develop personal retirement strategies or provide estimated financial information.

This calculator allows you to enter data to calculate an unofficial projection of your health insurance premiums. Remember, this is a projection based on information you provide. If any of the variables differ from what JRS records contain, your projection will not be accurate.

This only calculates the member portion and **will not** include any dependent premiums. The actual JRS benefit calculation must be calculated under the provisions of the applicable law in effect at the time of retirement. If your current insurance premium is not deducted from your JRS benefit, please contact the appropriate retirement system responsible for carrying your state insurance.
