October 16, 2006

NCPERS Voluntary Life Insurance

The NCPERS Voluntary Life Insurance enrollment packets were inadvertently mailed to members who are already enrolled in this program. Please advise your members who received a packet that they need not re-enroll. Active NCPERS enrollees will not be included in next year's annual enrollment period.

Flu Shots

As a reminder, dependents, spouses, contractual workers, consultants, students and employees who opted-out of the state health insurance plan are NOT eligible for the free state flu shots this fall.
