Member's monthly health insurance premium effective Qevqdtg 1, 2014 _____

Disclaimer

This calculator is intended as an educational tool only. Retirees, and Survivors can use this to help develop personal retirement strategies or provide estimated financial information.

This calculator allows you to enter data to calculate an unofficial projection of your health insurance premiums. Remember, this is a projection based on information you provide. If any of the variables differ from what SERS records contain, your projection will not be accurate.

This only calculates the member portion and **will not** include any dependent premiums. The actual calculation you receive from SERS must be calculated under the provisions of the applicable law in effect at the time of retirement.
